a. The USPS will be used as the carrier of first-class official mail in accordance with 30 USC 601-6 and 39 CFR 310, hereinafter referred to as the private express statutes. (See para 2-4.) Other classes of mail may be transported by private carriers other than the USPS.

b. Official matter will move at the lowest postage and fees cost to meet the required delivery date, security, and accountability requirements.

c. First-class mail, as covered by the private express statutes, will move as regulated by the USPS Domestic Mail Manual (DMM).

d. Prepaid postage replaces the use of penalty indicia. Standard penalty indicia, "Postage and Fees Paid, Department of the Army, DOD-314," is not authorized for use within DA. It is no longer valid and will not be accepted by the USPS. Use of Official Mail Accounting System (OMAS) codes is rescinded.

e. DA official mail costs shall be managed through the OMDMP.

f. Use of USPS services will be coordinated with local USPS postmasters or account representatives. USPS service will be provided in accordance with USPS publication 38A. OCONUS activities will coordinate official mail service through the local Military Post Office (MPO).

g. Single OMDC preparation procedures and processing will be integrated to ensure optimum use of personnel, equipment, and postage cost reduction practices such as consolidated mailings, presort discounts, permit mailings, and drop-shipments. Each installation will have only one OMDC that processes outgoing and incoming mail and distribution. The OMDC will provide sorting of official mail and distribution, meter all outgoing official mail, and deliver official mail and distribution to the administrative office of each organization on the installation that is authorized official mail

services. Internal distribution of official mail and distribution within an organization is the responsibility of that organization. Outgoing distribution and official mail, properly packaged and prepared for metering or distribution, will be gathered internally within such offices and passed to the OMDC courier for further processing.

h. Report unauthorized use, loss, or theft of appropriated fund postage to your commander. (See paras 2-21, 2-22, and 2-23.)

i. Outgoing official mail will not be addressed to "Resident," "occupant," or similar forms of address.

j. Only prepaid permit indicia, commercial meter strips, or commercial postage stamps may be placed on addressed items. (See para 2-27 for the use of commercial postage stamps.) Neither Business Reply Mail (BRM) nor Merchandise Return Service (MRS) permit numbers will be placed on unaddressed items. Addresses for BRM and MRS must be preprinted on the mailing piece. (See the DMM, sections 917 and 919, respectively.)

k. Functional proponents of DA regulations and directives that authorize or require official mail postage will coordinate with ODISC4, ATTN: SAIS-IDP, WASHINGTON, DC 20310-0107 prior to publication.

(a) Assure that users know when and how to contact their OMM.

(b) Supervise the activity's OMDMP.

(c) Annually contact, assist, guide, and discuss mailing requirements with activities which produce forms, publications, and periodicals. A record of these discussions should be kept to make future inspections easier (see para 1–6 *d* for inspections).

(d) Analyze the use of postage and initiate procedures for more cost-effective usage.

(e) Establish proper control and auditing measures in overseas locations if host country postage is procured and used.

(f) Know their USPS account representative and other appropriate USPS officials.

(g) Whenever possible, belong to and attend meetings of the local USPS-sponsored Postal Customer Council.

(3) Installations or equivalent OMMs will—

(a) Inspect incoming mail at least once a week and report deficiencies to the responsible organization.

(b) Inspect outgoing mail at least once a week at the final preparation point to ensure proper preparation and to determine which policies and procedures need additional emphasis. Items containing errors or deficiencies in preparation will be returned to the sending organization for correction. (See chap 2 for preparation instructions.)

(c) Monitor spoiled meter postage instances to reduce their occurrence and to ensure proper disposition. (See para 2–28 *g*.)

(d) Maintain liaison with appropriate supply and procurement activities to ensure that ordered and stocked postal-related items such as envelopes, cards, and labels meet the requirements of this regulation and the USPS.

(e) Order, verify shipments, safeguard, and issue postage stamps when use is authorized, per paragraph 2–27.

d. OMDMP inspections. To comply with the requirements of AR 11–2 for internal management controls—

(1) The Army OMM will conduct a survey of MACOM official mail operations every 3 years.

(2) MACOMs, MSCs, USARC, CONUSAs, MUSARCs, and intermediate commands will inspect internal headquarters, subordinate installations and activities official mail programs and operations every 3 years. The inspections may be combined with other inspections and staff assistance visits.

(3) DCSIM/DOIM OMMs will inspect all of the installation OMDC operations annually. These inspection reports will be filed and made available for review during MACOM and inspector general inspections, and staff assistance visits.

(4) The internal control review checklist for official mail will be used for inspections.

e. OMDMP surveys and tests. Surveys and tests may be required periodically to determine the transit time and the volume of official mail, by class and special postal service, being entered into the

USPS. When surveys are directed, the originator provides instructions. Recipients of test mail surveys will return the surveys immediately.

1–7. Official mail in hostile environment or mobilization

a. Under the OMDMP, the area commander in chief (CINC) is considered the host installation. Army activities in the area of operations will comply with the CINC's instructions for official mail.

b. In the event of limited theater hostilities or general mobilization—

(1) Intertheater mail will continue to be moved using the “DOD Official Intra theater Mail” procedures. (See DOD 4525.8–M, chap 3, para J.4 for procedures.)

(2) Intertheater mail will continue to be posted with postage stamps and postage meters as long as possible before switching to Postage Due Penalty Mail procedures. (See DOD 4525.8–M, chap 4, para C for procedures.)

(3) Postage stamps will be used when OMDCs can no longer use postage meters due to—

(a) Lack of electricity.

(b) Equipment failure.

(c) Postal personnel are no longer available to set meters.

(4) All official mail postage meters will be checked out of service when MPO financial transactions are terminated.

(5) Postage Due Penalty Mail will be used on all intertheater mail when postage meters or stamps cannot be used or are not available. Official mail from hostile operations areas will not be refused by the receiving OMDC.

c. As such situations stabilize—

(1) Postage stamps will replace Postage Due Penalty Mail as soon as possible and practical.

(2) Postage meter use will be resumed as soon as possible and practical.

d. Disposition of postage stamps.

(1) When use of postage stamps is no longer possible, return existing inventory to host installation.

(2) When capture is imminent, destroy all postage stamps.

e. Disposition of postage meters.

(1) If time permits, follow the normal procedures for checking meters out of service and returning the meter to USPS or the manufacturer, as appropriate.

(2) When capture or loss is imminent, destroy the meter, if possible.

(3) Report destruction, capture, or loss to the next higher headquarters. Higher headquarters will, in turn, report this information through command channels to OFFICIAL MAIL OFFICE, ATTN MPSA OMM, MILITARY POSTAL SVC AGENCY, 2461 EISENHOWER AVE, ALEXANDRIA VA 22331–0006.

1–8. The OMDC organizational pattern

The OMM must have a firm base upon which to build the Official Mail and Distribution Program. Managers may place more and more responsibility for distribution operations and services upon full-time OMDC staff. The manager also has more flexibility to decentralize certain responsibilities involving outgoing correspondence to the individual action offices preparing the correspondence. When planning the distribution service for an agency, ensure that incoming and outgoing correspondence and mail flow smoothly, with a minimum of processing steps.

a. Organize available personnel and facilities.

b. Assign responsibility for operations which includes a minimum of readings, delays, and handling points.

c. Designate mail distribution clerks and messengers. Personnel selected for mail and distribution handling must possess the same qualifications as indicated in DOD 4525.6–M, Volume II. Personnel must possess a secret clearance per AR 380–5, chapter VII.

d. Train mail distribution clerks and messengers.

Section II Mail Preparation

2-10. Mail entry and labeling requirements

All official mail entering the USPS postal system will be prepared according to instructions provided in the USPS Publication 25, the DMM, and the USPS International Mail Manual (IMM) as appropriate. If additional guidance is needed, contact the OMM. All official mail entering private carrier systems will comply with instructions issued by the private carrier. If additional guidance is needed, contact the OMM. Labels may be used for addressing letter-sized mail. DA Label 18 (Mailing Label) and DA Label 18-1 (Mailing Label without Indicia (PINFEED)) may be used for addressing non-letter-sized mail.

2-11. Envelopes

a. *Conservation.* Use the smallest envelope possible. Do not use large envelopes for correspondence of six pages or less unless contents warrant otherwise; for example, certificates, officer efficiency reports (OERs), and other items that may not be folded. Official mail and distribution center personnel should report all misuse of envelopes to proper management personnel.

b. *Envelope size.* Do not use cards or self-mailers less than 3½ inches in width (height) or 5 inches in length.

c. *Intra-installation mail.* Do not use stamped envelopes for sending or remailing correspondence to an organization located within the same building or installation.

d. *Inter-installation mail.* Do not use printed and or stamped or metered envelopes to mail or remail correspondence from one installation to another when the correspondence is carried by a DOD employee, or contract carrier. Use Standard Form (SF) 65A, 65B, or 65C (U.S. Government Messenger Envelope).

(1) Non-DOD personnel may carry Army non-First-Class official mail from one installation to another.

(2) Any First-Class official mail carried by non-DOD personnel from one installation to another must have the appropriate USPS First-Class postage affixed.

e. *Use of officially stamped envelopes or metered mail.* The use of official envelopes or official mail funds (39 USC 3204) is restricted to Army personnel (DOD civilian and active duty military, and Government contractors, when specified in the contract) for official mail. They are to be used only to conduct business related to

the mission of the Army or to the agency cited in the return address. The personal use of official indicia envelopes or metered mail is prohibited, except as indicated below. Offenders are subject to administrative sanctions, action under the Uniform Code of Military Justice, or penalties under other Federal Law.

(1) EXCLUSIVE FOR information is correspondence containing sensitive or privileged information that the writer desires to convey to the addressee without access by, routing through, or distribution to a third party. EXCLUSIVE FOR and the name of the individual will be typed or hand printed in the lower left corner of the mailing envelope outside of the USPS optical character reader and bar code area. (See AR 25-50, paras 1-19 and 6-18.)

(2) Correspondence or mail containing information covered by the Privacy Act. Mark envelopes containing Privacy Act information to preclude opening by anyone other than the addressee or his or her designated representative. Mark envelopes in accordance with the provisions of AR 25-55, chapter 1, section 5.

(3) Individual Government paychecks and bonds.

f. *Dispatch of personal correspondence or mail.* The use of official distribution systems for dispatching personal correspondence or mail is prohibited except for certain U.S. citizens overseas. (See paras 2-21, 2-22, 2-23, and chap 4.)

g. *Sealing correspondence.* Correspondence is subject to inspection by the installation OMM. Correspondence that has been inspected will be resealed by the OMM. Exceptions are correspondence protected by the Freedom of Information Act (FOIA), Privacy Act, or EXCLUSIVE FOR information, or classified material prepared for mailing per AR 380-5, chapter VIII.

h. *FOIA requests.* All FOIA requests will be marked on both sides on both letter and envelope per AR 25-55, paragraph 1-503 b

2-12. Addresses

Addresses will be typed.

a. *Format.*

(1) The proper method of addressing mail and envelopes for dispatch through USPS mail channels is shown in figure 2-4.

(3) First-Class mail containing classified information per AR 380-5 will be marked POSTMASTER: ADDRESS CORRECTION REQUESTED/DO NOT FORWARD on the front of the envelope in the lower left corner, stamped in black ink approximately ¼ inch in size or larger than typed text.

b. *Addressing to an individual.* Official correspondence or mail will not be addressed to individuals by name except as authorized in AR 25-50, paragraph 6-17 c .

c. *Office symbols.* Use office symbols of addressees to ensure proper distribution of mail. When it is necessary to send attention line correspondence to an individual, the sender will ensure that—

- (1) The individual is present to accept.
- (2) The action is exclusive for the individual.
- (3) There is no short deadline or suspense to be met.

d. *Return address.* Place the complete return address in the upper left corner of all labels and envelopes. The return address will be prepared per DMM, section 122. 2-13. Zone Improvement Plan (ZIP) codes

a. *The ZIP+4 code.* The ZIP+4 code is the standard ZIP code format for the Army. Its use, when the USPS has assigned one, is mandatory in both return and delivery addresses. When the ZIP+4 code has not been assigned, use of the 5 digit ZIP code is mandatory. The MPSA/Military Departments assign the last four digits for MPO addresses. Installations assign all others in coordination with the local postmaster.

b. *Foreign postal codes.* Mail destined for foreign countries not addressed to MPOs will have the destination—

(1) Country code and city placed on the next to the last line of the address as shown in the IMM. Obtain foreign postal codes from the local USPS.

(2) Country spelled out on the last line of the address.

(3) USA will be indicated as the last line of the return address. Undeliverable foreign mail cannot be returned unless the country of origin is stated in the return address.

2-14. Packaging

All official mail matter entering the USPS system will be packaged and presorted per the requirements of the DMM. (See DMM, exhibits 121.3 a through f.) Consult the local USPS account representative for further advice, if required.

a. Correspondence too bulky to be placed in envelopes will be put in adequate containers and properly wrapped and sealed to avoid damage and ensure delivery.

b. All official mail packages will be closed and reinforced prior to release to the USPS or a private carrier.

c. Consult AR 380-5, paragraph 8-200, for packaging classified mail.

2-15. Dispatching

Limit dispatch operations in the official mail and distribution center to—

- a. Metering outgoing official mail.
- b. Ensuring that outgoing mail is official in nature.
- c. Consolidating outgoing correspondence by type, and bundling and forwarding to the post office.

d. Ensuring that the most cost effective legal method of transportation has been selected.

2-16. Consolidated mail

Consolidate and forward correspondence addressed to a single addressee or installation in one envelope or DOD official mail bags, where possible.

a. *Containers.*

(1) The proper selection of the container is critical to the success of consolidated mailings. See the DMM for tips on package preparation. The container must—

(a) Be inexpensive, lightweight, yet strong enough to protect its contents in transit.

(b) Fit closely around the contents to minimize their movement.

(2) USPS-owned pouches will not be used as a container for consolidated mailings.

b. *Preparation.*

(1) Individual consolidated mail shipment will be packaged as required by the DMM for the appropriate class of mail and applicable postal services.

(2) First-Class mail should be consolidated in a separate container from non-First-Class mail. However, non-First-Class mail may be combined with First-Class mail only when cost effective, and the postage is paid at the First-Class rate.

(3) Large paper envelopes or cartons may have the address and postage placed on the container or on an address label.

c. *DOD mail bags.* DOD mail bags may be used for consolidated mail when sent to DOD addresses.

(1) Address DOD mail bags by placing DD Form 2388 (DOD Mail Bag Label) (fig 2-6) in the plastic holder sewn into the side seam. The return address will comply with paragraph 2-12 g .

(2) Postage will be paid only by postage meter imprint placed on the back of the address label.

(3) Close with nonreusable, locking cable ties at least 10 inches long and having a minimum loop tensile strength of 50 pounds. The tie will be wrapped around the bag and inserted through the hole in the plastic address holder and DD Form 2388.

(4) Send excess bags to activities from whom bags are regularly received.

(5) Deploy able units will maintain a 10-day stock of these items for deployment purposes.

(6) Use the appropriate colored bag.

(a) The orange bags will be used only for First-Class mail, Priority mail, and other classes of mail which require rapid delivery. “DOD PRIORITY MAIL ” will be printed on these bags. The DD Form 2388 will have the correct First-Class or Priority mail endorsement and postage.

(b) The white bags will be used only for Fourth-Class mail. DOD FOURTH-CLASS MAIL will be printed on these bags. The DD Form 2388 will have the correct Fourth-Class endorsement and postage.

(c) The silver-gray bags marked DOD MILITARY ORDINARY MAIL (MOM) shall be used only for Second-, Third-, and Fourth-Class mail to, from, and between MPOs when the contents require faster delivery than regular Second-, Third-, or Fourth-Class mail. The bag moves by surface between USPS facilities, but is flown to,

from, and between MPOs. It will not be used for First-Class, Priority, or Express mail. The DD Form 2388 will have the correct Second-, Third-, or Fourth-Class postage and the MOM endorsement.

(7) Bags without printing and bags with names or abbreviated names of DOD components or their activities will not be entered into the USPS system.

(8) All printing on the bags will be black.

(9) Bags will be considered defective if any of the following apply:

(a) Holes larger than 2 inches.

(b) Rips or tears longer than 2 inches.

(c) The holder for DD Form 2388 is either missing, torn so DD Form 2388 will not stay in it, or torn so it no longer holds the cable tie in place.

(10) Do not use defective bags, destroy them.

(11) Do not send open correspondence in consolidated mail. All items for consolidated mail will be in properly addressed envelopes or the appropriate SF 65A, SF 65B, or SF 65C.

(12) Transit time for all consolidated pouch mail from or to the Pentagon will be tracked. Annotate the date on the meter strips and return them to the point of origin in the next pouch.

2-17. Drop-shipment

a. Drop-shipments require the mailer to—

(1) Enter the items into the USPS at the delivering post office.

(2) Provide the transportation to the delivering post office.

(3) Pay for the transportation to the delivering post office.

(4) Apply local zone postage.

b. Items may be drop-shipped to USPS facilities in the appropriate military post office gateway cities (New York, Miami, Seattle, San Francisco) but will not be drop-shipped directly to postal facilities operated by the military.

2-18. Presorting to ZIP code sequence

First-Class mailings meeting the minimum quantity of identical pieces will be presorted in ZIP code sequence. Contact local postmasters or USPS account representatives for guidance on the proper method of packaging and sacking mailings in ZIP code sequence. Postmasters will furnish, on request, current information on ZIP codes and the services available at local post offices. (See DMM, exhibit 367.1.)

2-19. Mailing lists

a. All Army organizations responsible for mailing lists will review and update those lists annually to eliminate improper addresses, duplicate addresses, and the names of those addressees no longer desiring to receive materials. Where possible, Army organizations will consolidate mailings to a single addressee to save postage and other costs.

b. The mailing list will be limited to the minimum consistent with the needs and best interests of the command.

Section III Postage

2-20. Controls and safeguards

This section sets forth the policies for controlling and safeguarding appropriated fund postage.

a. Safeguarding appropriated fund postage from unauthorized use is the responsibility of all official mail services users.

b. Controlling official mail funds is a joint effort between the installation DRM and the installation OMM. Official mail meters and ADTAs will carry only the minimum required balances for one fiscal quarter's usage plus a 30 day carryover. This meets the requirements of AR 37-1 for the bona fide need rule. Installation OMMs will inform the installation DRM of funding requirements for official mail.

2-21. Authorized use of appropriated fund postage

Appropriated fund postage may be used—

a. Only for mailings pertaining to Federal matters. Such matters may include official correspondence between activities, Army records, instructional material from Army schools, Army school correspondence course answer sheets when a preprinted courtesy reply envelope has been provided, and other items deemed official by the installation commander.

b. By an activity or activity commander for sending invitations to official Army social functions held in behalf of the Army or sponsored in the name of the Army. The official status of the function will be clearly stated in the invitation as pertaining exclusively to the business of the U.S. Government. Official announcements of official retirement ceremonies may be mailed using appropriated fund postage but may not include an announcement of an associated social event. Announcements will not contain any advertisements, endorsements of products or businesses, or revenue-producing functions.

c. By retired members of a DOD component for mail that is clearly Government business, but only in the form of merchandise return or business reply items furnished to them for reply purposes.

d. For mailing DA Form 3955 (Change of Address and Directory Card) and PS Form 3575 (USPS Change of Address Order) only when the change of address results from carrying out written military orders. A copy of the orders must be presented with the cards.

e. For mailing bulk shipments of daily, weekly, housing, and similar bulletins consisting solely of official information to supported installations and activities only. Less costly methods of shipment must be considered and used when feasible.

f. By contractors and vendors. All applications, contracts, or purchase requests for contractor use of appropriated fund postage require the approval of the installation, activity, or other local Army OMM.

(1) Vendors must prepay postage and fees.

(2) Use of all penalty indicia is prohibited.

(3) Contracts or purchase orders requiring the Army to pay the postage and fees will require the use of mail classes and special postal services that will be at the lowest possible cost consistent with the required delivery date, security, accountability, and USPS requirements.

(4) Envelopes and labels used by a contractor will bear the preprinted return address of the furnishing Army activity and not that of a private person, concern, organization, or contractor.

(5) When authorized, the appropriate type of special service will be preprinted on the envelope or label in the manner required by the USPS. Contractors will not add their own markings for these services.

(6) A permit may be used for large mailings if USPS mailing requirements are met. Contractor use of permits must be approved by the funding MACOM OMM. Applications will be submitted per DMM, section 145 for prepaid postage.

(7) Postage meters may be used when approved by the funding official mail manager.

(8) When the use of a permit or postage meter is not practical, contractors will prepay the postage and fees and be reimbursed by including such costs as separate items on the invoice.

g. To send DA publications when—

(1) Distribution is mandated by Army regulation or directive.

(2) Individual copies are sent to higher headquarters in the chain of command and other public affairs offices for administrative purposes.

(3) Copies to subordinate units for distribution to the units' members are sent in bulk. Other, less expensive transportation methods will be used if they can provide the same or faster delivery time than mail.

(4) A copy is sent to a private person, firm, or organization in response to a specific, written, unsolicited request only if the periodical contains no advertising. The request will be kept on file in the respondent's office as long as the publication continues to be mailed in response to that request. The mailing list will be limited to the minimum consistent with the needs and best interests of the command and will not duplicate the initial distribution list.

(5) Copies are sent to other Government agencies and libraries,

hospitals, or schools to promote the overall Command Public Affairs Program.

(6) Copies of State ARNG and U.S. Army Reserve (USAR) command-level periodicals containing no advertising are sent to the home address of individual members. These copies will be mailed as Third-Class bulk rate or appropriate Second-Class rate. The mailing of lower command-level periodicals is not authorized.

h. To mail commercial enterprise newspapers only in accordance with paragraphs *g* (1) and *g* (2) above.

i. By nonappropriated fund instrumentalities (NAFIs), including the exchange services and the Stars and Stripes, only for official administrative (managerial) mailings related exclusively to the business of the U.S. Government. This does not include any function that would be a normal expense of a similar commercial business, such as financial reports, personnel management, payroll, inventory procurement and sale, collection of income, advertising, mailing of films for paid exhibition, and equipment maintenance. For example, appropriated fund postage will not be used for the preparation and internal distribution of financial reports, as this is a normal business expense; however, it may be used to mail copies of the report to the supervising DOD component as this is not a normal business expense.

j. When commanders, with advice from the local staff judge advocate general and the OMM, make the final determination to use appropriated fund postage to discharge their morale, welfare, and recreation (MWR) mission. Commanders may not include revenue-producing information in such mailings. Social items such as ethnic recipes, birth announcements, and bowling league scores are not the exclusive business of the U.S. Government and will not be mailed with appropriated fund postage. Appropriated fund postage may be used to mail a consolidated packet containing information regarding the existence of all available MWR activities to personnel eligible to use them; however, the packet will neither contain information on revenue-producing items or events nor violate other parts of this regulation.

k. By prisoners in a nonpay status for personal mail.

l. By Army Junior and Senior Reserve Officers' Training Corps (ROTC) activities only on mailings that are the exclusive business of the U.S. Government. The return addresses must be those of the professors of military science of U.S. Army ROTC detachments. For permit mailings the return address must be authorized in accordance with permit restrictions and may be the university or college address when use of that permit is formally agreed upon.

m. To pay for the official mail carried by private carrier.

2-22. Unauthorized use of appropriated fund postage

Do not use appropriated fund postage on—

a. Matter that is not exclusively U.S. Government business.

b. Nonmailable items, in accordance with USPS DMM restrictions. Obtain information about items that are not mailable from the local post office.

c. Postcards, unless the cards are DOD or DA-approved forms or those USPS Forms designated in paragraph 2-21 *d*.

d. Information sent by DOD Components about nonmandatory events. Use the installation official mail and distribution center, the installation bulletin or newspaper, or other methods to distribute this type of information.

e. Invitations to social functions to satisfy personal social obligations, even if they are the result of an official position. (See para 2-21 *b* for exceptions.)

f. Personal congratulatory letters from one individual to another in a private capacity. This does not prevent the use of appropriated fund postage by heads of staff agencies or commanders to fulfill their official morale and esprit de corps obligations to members of their organization or persons in their areas of technical responsibility or chain-of-command. For example, congratulatory letters to people selected for advanced schooling, promotions, and letters of condolence are authorized.

g. Personal mail, holiday and birthday greetings, retirement announcements, completed employment applications, resumes, and

similar material. However, activities may use appropriated fund postage for holiday greetings when international diplomacy dictates.

h. Correspondence from international commands such as North Atlantic Treaty Organization (NATO) official correspondence. This mail normally must be prepaid in the country in which it is posted. When appropriated fund postage is provided for official mail, the administrative agent is responsible for procuring it and monitoring its use.

i. Correspondence of foreign military personnel. Foreign military personnel who are required by regulations of their own government to file reports or otherwise correspond with their embassy or government will do so at their expense. However, appropriated fund postage may be used if the correspondence can be certified by the parent U.S. Government activity as exclusively the business of the U.S. Government.

j. Mail posted in foreign post offices. Such mail must bear the postage of the country where it is mailed unless there is a bilateral agreement in effect with the country which has special procedures for accepting DOD mail.

k. Anything mailed by concessionaires or their employees. This does not preclude use authorized by this chapter.

l. Fund drives not officially endorsed by DOD or the Army. BRM will not be used on officially endorsed drives.

m. Unofficial biographies and unit histories.

n. Dependent school yearbooks and other unofficial items such as announcement cards, thank-you cards, memory albums, and biographies.

o. Announcements and attendance responses related to Army branch anniversary parties and similar events.

p. Mailings by or for private associations, such as technical and professional organizations, unit associations, wives clubs, Boy Scouts, and so on.

q. Mailing matter donated by individuals for donation to other individuals or charitable organizations.

r. All similar matters that do not relate exclusively to the business of the U.S. Government.

2-23. Reporting misuse of appropriated fund postage

a. Report unauthorized use of appropriated fund postage to—

(1) The commander and resource manager.

(2) The OMM and the resource manager of the next higher organization.

(3) The commanding officer or supervisor of the suspected individual(s) involved for appropriate investigation.

b. The commander will review the unauthorized use of appropriated fund postage to determine any appropriate reimbursement of postage and fees costs. Legal or administrative action will be taken to obtain reimbursement when appropriate.

2-24. Nonprofit and subsidized rates

In accordance with DOD 4525.8-M the DA is not authorized to send mail at nonprofit or subsidized rates (that is, special bulk Third-Class rates, Fourth-Class library rates, and the following Second-Class rates; in-country, special nonprofit, classroom, science of agriculture, limited circulation and limited circulation science of agriculture).

2-25. Computation of postage and fees

a. Postage and fees for domestic mail will be computed according to the DMM and changes announced in the USPS Postal Bulletin. USPS Poster 103 provides the information in convenient, easy-to-use form. USPS Poster 103 must be used with the Postal Zone Chart for the post office where the item will be mailed.

b. Postage and fees for international mail will be computed according to the IMM and changes announced in the USPS Postal Bulletin.

c. Properly programmed electronic scales may be used to meet the requirements of subparagraphs *a* and *b* above.

d. Items mailed from one MPO to another MPO in the same theater will have "DOD Official Intra theater Mail" typewritten,

rubber stamped, mechanically printed, or neatly handwritten in the area where the postage normally would be placed.

2-26. Obtaining commercial postage

a. *Penalty mail.* The Army is not authorized to use the USPS penalty mail system. All Army official mail postage must be paid at the time the USPS service is contracted and a completed PS Form 3544 (Post Office Receipt for Money), requested from the post office for all postage purchases. The Army is only authorized to use regular postage stamps, commercial meters, or other means available to private sector mailers. Penalty mail is authorized when a hostile operation is declared by the President of the United States.

b. *Payment.* No USPS service, including those at MPOs (that is, APOs/FPOs), will be provided to Army activities without prepayment of postage. All transactions with the USPS must be—

(1) Paid at the time the service is contracted and be in the form of real monies.

(2) Accomplished by an approved payment method such as U.S. Treasury check (payable to the United States Postal Service), money order, or ADTA. ADTAs can be used for all classes of mail and special service fees, except for the purchase of postage stamps. ADTAs are not available at MPOs.

(3) Agreed to, and in concert with, the established policies and procedures of the USPS and the local finance and accounting office.

c. *Envelopes, labels, mailable forms and other mailable material.* Envelopes, labels, mailable forms and other mailable material that are preprinted with the Army's G-5 permit number may be used when the permit number is covered over with a commercial meter strip.

d. *Penalty stamps and envelopes.* The USPS will no longer allow Army activities to purchase penalty mail stamps or preprinted penalty envelopes.

e. *Postage due mail.* All postage due mail, except Address Correction Charges, will be returned to sender at sender's expense. Do not refuse postage due penalty mail originating in a hostile environment.

f. *Express Mail.* Express mail items may be paid by either stamps, meter strips, or through an Express Mail Corporate Account. (See DMM, sec 280.)

2-27. Postage stamps and prestamped envelopes

USPS postage stamps can be purchased at local post offices. A one-week advance notice is needed if large amounts of stamps (\$1,000 or more) will be purchased at any given time. An ADTA cannot be used for stamps. Printed stamped envelopes can be obtained from the US STAMPED ENVELOPE AGCY, WILLIAMSBURG PA 16693-0500, by sending them a PS Form 3203 (Personalized Stamped Envelopes Order) and a U.S. Treasury check or money order for the appropriate amount of money. PS Form 3203 can be obtained through the local USPS or MPO. Commercial postage stamps will be used on official mail that cannot be sent under a permit or cannot be metered.

a. *Use.* Postage stamps and prestamped envelopes may be used by all Army mailers including—

(1) Small volume Army mailers which cannot justify the use of postage meters.

(2) Activities without a backup metering system. This supply of stamps should not exceed an average 10-day usage and should be used to supplement metering operations.

(3) Overseas commands and Deploy able units may—

(a) Maintain 30-day stock of postage stamps for use when deployed to areas without meters. Stock will be centralized and closely controlled by the activity OMM.

(b) Have hand stamps made for use only in a hostile environment (see DMM 137.5), the stamp mark will be placed in the upper right hand corner of the mailed item. Figure 2-7 shows what will appear on the hand stamp.

b. *Ordering.* Only those small volume mailers, Deploy able units, and activities without a backup metering system that have been identified by their MACOM are authorized to order postage stamps directly from USPS or MPO. The activity OMM verifies quantities received.

c. *Security measures.* All personnel are responsible for preventing the theft, misuse, waste, or loss of postage stamps and prestamped envelopes. Postage stamps and prestamped envelopes will be secured in locked containers (safes, file cabinets, desk drawers, and so on) or a locked room. Activities may establish additional local controls.

2-28. Postage meters

a. *Metered mail.* Metered postage will be used to the maximum extent possible on mail that cannot be sent under a permit. A metered mail ADTA can only be established when the monthly dollar amount on the licensed commercial meter exceeds \$500. Metered mail ADTAs are not available at MPOs. Proper planning should alleviate the need to load meters more than once a quarter. Meters will not be loaded with more than one quarter's postage requirement plus a 30-day carry-over. Use of the USPS on-site meter-setting program should be evaluated in light of time from job and distance traveled by Army employees to load meter. There are additional expenses for using this service. (See DMM, sec 144.35.)

b. *Logos and slogans.*

(1) Logos and slogans on advertising plates that conform with the DMM, section 144, are authorized.

(2) Borders, markings, slogans, or designs will not be printed on mailing envelopes except when approved by GSA, through command channels, and in conformance with postal regulations and 41 CFR 201.45.400 to 201-45.401.10. An exception has been granted for slogans promoting U.S. Savings Bonds.

c. *Required licenses.* Postage meter licenses are required and are obtained by submitting PS Form 3601-A (License to Use Postage Meter) per instructions in the DMM. Applicants served by an MPO will contact the MPO for procedures. DMM section 144.22 contains responsibilities of the license holder. Licenses will be canceled when no longer needed.

(1) The license does not have to be renewed and remains in effect until canceled. Postage meter serial numbers are not included on the license, so a new license is not required when postage meters are replaced on a one-for-one basis or when meters are added or deleted. However, each meter must be checked into or out of service by the USPS per DMM, section 144.3.

(2) USPS or an authorized USPS agent will send a copy of the approved license to the post office authorized to set the meter covered by the license. A copy of the license will also be provided to the requesting OMM, who will retain it until canceled. At least 2 weeks before the meter is to be used, the OMM will check with the servicing post office to be sure the approved license is on file there.

(3) Installation/community OMMs will cancel the license and notify their respective MACOM OMM when the meter is—

(a) No longer needed.

(b) Moved out of the jurisdiction of the post office authorized to set the meter. (Meters may be moved from the area served by one branch to that served by another branch of the same post office simply by transferring the license from branch to branch. When the meter is moved from the area served by one post office to that

served by another, the license must be canceled and a new one obtained.)

d. Setting and payments.

(1) Meters shall be checked in and out of service per DMM, section 144.3.

(2) Each meter will be reset for the requested amount of postage. Payment will be made by U.S. Treasury check, money order, or ADTA. Where ADTAs are authorized, funds may be deposited in the various ADTAs in amounts designated by the OMDC manager. Funds deposited in an ADTA will not exceed one fiscal quarter's usage requirements plus a 30 day carry over. A USPS receipt (PS Form 3544) will be received for the total amount of funds deposited. The original receipt must be forwarded to the appropriate finance and accounting office (a copy will be retained in the OMM's file).

(3) Each time the meter is set or reset, the post office employee completes PS Form 3603 (Receipt for Postage Meter Settings) and annotates PS Form 3602-A (Record of Meter Register Readings) with date and new control number. A copy will be maintained by the OMM listed as the applicant on the meter license.

(4) The above procedures apply only to the USPS postage. Meter setting charges for private carrier services are the responsibility of the metering installation.

e. Validation of meter readings.

(1) PS Form 3602-A will be maintained for each meter.

(2) When the meter is set or reset, add the amounts appearing in the ascending and descending registers before the meter is used. The resulting sum becomes a control number. At the close of business each day these two registers will be added together. If their sum is not the same as the control number, the meter may have malfunctioned. The vendor service representative will be contacted before the meter is used again.

(3) To determine the amount of postage used on any given day, subtract the descending register reading for the day from the descending register reading for the previous day.

f. Spoiled or incorrect meter postage. Do not throw out spoiled meter strips or stamps. Submit a request for refund to the local USPS Postmaster.

(1) Requests for refunds shall be submitted when authorized. DMM, section 147, explains the conditions and procedures to be followed.

(2) Equipment malfunctions causing spoiled meter postage will be immediately reported to the manufacturer's representative.

(3) The OMM will complete PS Form 3533 (Application for Voucher for Refund of Postage and Fees) when refund credits are due for spoiled meter postage. Credit will be applied only to meter quarterly settings. A copy of PS Form 3533 will be maintained with the quarterly postage expenditure work sheet (RCS: ISC-76).

g. Metered mail preparation.

(1) The meter imprint acts as a postmark and allows mail to skip the canceling process. The meter operator will ensure the imprint is bright and clear, has the correct date, and fluorescent ink is used.

(2) All addresses must face the same way, and five or more pieces of metered mail must be bundled with rubber bands or paper straps. Large volumes should be trayed. Trays and similar items are usually provided free of charge by USPS and will not be used for other purposes.

h. Accumulators (printers) (when available).

(1) Accumulators will only be used to record/track mail expenditures.

(2) The OMM should not try to separately track the postage of all tenants of the installation if it results in the analysis of relatively trivial amounts of postage.

(3) The record of postage used will be printed out and analyzed by the OMM at regular intervals (weekly for most installations and activities). Information in the printout will be used to identify large volume mailers and users of large amounts of certain classes of mail or special postal services. Their mailings will be periodically analyzed to see if the items can be shipped more economically by other means.

(4) Accumulator codes will be used to identify mailings by each

supported activity. An accumulator code will be assigned to each supported activity.

i. Equipment operation.

(1) The OMM and all personnel involved in mail processing will receive detailed instructions from the vendor when new equipment is installed. During initial use, the meter operator or OMM will call the service representative when questions arise.

(2) The meter operator will check each scale for accuracy daily before it is used. This will be accomplished by weighing an object of known weight. Appropriate calibrations will be made before the scale is used.

j. Equipment failure.

(1) Immediately report failures of meters, mailing machines, scales, and so on, to the service representative. The service representatives' telephone numbers will be prominently displayed in the vicinity of the equipment.

(2) Do not tamper with the postage meter under any circumstances. It is a postal offense for anyone other than USPS personnel to break or tamper with the seals on postage meters.

(3) All new equipment is initially covered by a warranty. Maintenance contracts should be used after the warranty expires.

k. Meter security.

(1) Meters.

(a) Lock the meter when it is unattended. Place the meter key in a locked safe, locked file cabinet, or in a separate locked room overnight. Do this any time adequate surveillance cannot be maintained to prevent unauthorized use of the meter. During nonduty hours the meter must be stored in a locked room.

(b) Immediately report the loss, theft, and recovery of a lost or stolen meter to the local post office, the equipment vendor, and through command and functional channels to the POLICY DIVISION, ATTN ASOP MR, US ARMY INFORMATION SYSTEMS COMMAND, FORT HUACHUCA AZ 85613-5000 for forwarding to MPSA. Reports will include the meter make, model, and serial number; the date, location, and details of the loss, theft, or recovery; and a copy of the police report when applicable.

(2) Meter keys.

(a) *Operating keys.* An operational key is required to unlock the meter and must be used each day the machine is operated. This key will be kept by the designated supervisor, except during periods the key and meter are signed out to a meter operator.

(b) *Duplicate keys.* The duplicate keys, when provided, will be stored in a sealed envelope in a locked file cabinet or safe. The key will be taped to a piece of cardboard to prevent its movement. After sealing the envelope, the designated supervisor will sign over each joint of the envelope. Transparent tape will be placed over all signatures and joints so unauthorized opening can be detected. The envelope will be clearly labeled to indicate the contents and the meter to which it belongs. The designated supervisor will obtain a receipt for the sealed envelope from the OMM.

(c) *Reset keys.* Army OMMs are not authorized to have a copy of the key that opens and resets the meter head. Any activity receiving such keys will immediately give them to the USPS office setting the meter.

l. Property accountability. The installation property book holder will account for all postage metering equipment on the property records of the using Army installation or activity. The postage meter itself is leased and cannot be purchased.

m. Supplies and services. These generally consist of meter tapes, ink, ink rollers, maintenance, rate changes (both USPS and public express), and meter leases. Meter tape and ink specifications are found in the DMM.

n. Additional or replacement equipment.

(1) Postage metering and related equipment requirements will be processed as Requirements Statement (RS) initiatives per DA Pamphlet 25-2, chapter 3. The authority for procurement of postage metering equipment is delegated to principal officials of HQDA agencies and MACOMs.

(2) A system consists of a mailing machine, a 70-pound scale, and an interface that connects the mailing machine, scale, and postage meter to each other for automatic operation. An accumulator/

printer for electronically recording postage costs by agency is optional. When the accumulator/printer is opted for, it is considered as part of the system. Because of USPS regulatory requirements, the postage meter must be leased on an annual renewable basis from the manufacturer of the mailing machine.

(3) Eligibility for equipment is shown in table 2-1.

Table 2-1
Eligibility for equipment

Annual \$ amount of postage used (not including permits and BRM)	Quantity of systems authorized		
	Large	Medium	Small
\$100,000+	1	1	0
\$50,000-\$99,999	1	0	0
\$10,000-\$49,999	0	1	0
\$5,000-\$9,999	0	0	1 ¹
Less than \$5,000	0	0	1

Notes:

¹ Encouraged to lease hand-held, stand-alone, or similar meters.

(4) All machines must be capable of applying meter imprints of the correct denomination for all meter matter that the electronic scale is programmed to process directly on the item. The machines must also be capable of automatically producing wet, dry, or pressure-sensitive meter tapes of the correct denomination from a self-enclosed roll or strips. This applies to all mail matter of various classifications that enter USPS/public express channels or items too large to be fed through the mailing machine. Machines must also be capable of interfacing with the large (70-pound) electronic scale.

(5) Other specifications are as follows:

(a) Mailing machine, heavy duty, high volume, must be capable of automatic feeding, metering, sealing, and stacking envelopes and flats of $\frac{5}{16}$ -inch thickness and up to and including 9 $\frac{1}{2}$ - by 12-inches at a speed of 180 pieces per minute.

(b) Mailing machine, medium volume, must be capable of automatic feeding, metering, sealing, and stacking standard Number 10 envelopes of $\frac{1}{8}$ -inch thickness at a speed of 145 pieces per minute, and stacking flats of $\frac{1}{16}$ -inch thickness and up to and including 9 $\frac{1}{2}$ - by 12-inches in size at a speed of 90 pieces per minute.

(c) Large electronic scale must be capable of weighing up to and including 70 pounds in increments of $\frac{1}{2}$ -ounce tolerance and have ZIP code to public express and USPS code conversion. The scales must be programmed to compute public express rates up to the public express limit but not to exceed 70 pounds; USPS rates for First-Class, Priority, Third-Class, Fourth-Class, special (book) Fourth-Class, ZIP+4 discounts, and international air and surface rates; and registered, insured, certified, and return receipt requested fees. The scales will be equipped to compute the registry fee without postal insurance and will not compute insured mail fees for items having a value exceeding \$50. The scales must be reprogrammable to accommodate rate changes.

(d) The interface must be capable of interacting with the mailing machine and meter so that the required postage is set on the meter; then upon instruction by the operator, this causes the mailing machine to dispense a meter tape in that amount or to place a postage imprint in the designated amount on the envelope.

(e) The accumulator interfaces with and complements the mailing machine/electronic scale system. It must be capable of portraying the number of mailings and postage costs units by account for any installation or activity on a daily, bi-weekly, or weekly basis, depending on the volume of mail; accounting for USPS and public express transactions; departmentalizing a minimum of 99 separate accounts and charging to a department all postage issued by the system to that account until a different account is specified or the equipment is turned off. It must also be capable of printing automatically or retaining all data in memory if a power failure occurs. The accumulated transactions must be presented as a hard copy printout;

a digital readout by itself will not be acceptable. The printout must include total mail count and mail costs for each account. It is not required to show USPS or public express zones, mail classes, or weights.

(f) Electrical specifications must include automatic protection against high and low voltages that will damage the equipment. It must include appropriate line filtering to protect the volatile memory and be equipped for operation on the voltage and hertz specified in the delivery address if the system is used in foreign countries.

o. *OMMs*. OMMs for overseas commands, communities, and installations will ensure adherence to the provisions of the DOD-USPS Agreement Concerning Commercial Postage Meter Use at Military Post Office Addresses, August 1989.

2-29. Permits

a. Installation OMMs will review and analyze requirements for permits and establish commercial permits only as needed.

b. The upper right-hand corner of all envelopes is used for permit mailings which must be per the DMM, section 145.4. Guidelines for company permits are contained in the DMM, section 145.3.

c. A permit ADTA must be established in order to acquire permit imprints. No minimum amount is needed to open a permit ADTA, although sufficient funds must be available to cover the complete mailing.

d. The responsible OMM will ensure that the appropriate permit numbers are provided to individuals or organizations involved with permit mailings.

e. Before purchasing permits, the OMM will read the appropriate section of the DMM for break-even analysis of permit mailings.

f. Permit mailings will be used on large volume mailings of items with a uniform size and weight when cost effective. Permit formats and instructions are in the DMM, section 145, for prepaid postage and the DMM, section 137, for penalty postage.

g. USPS requires advance notice on all permit mailings. Postage and fees are recorded on PS Form 3602-N (Third-Class Nonprofit Rate—Permit Imprint), PS Form 3602-PC (Third-Class Regular or Nonprofit Rates—Postage Affixed), or PS Form 3602-R (Third-Class Regular Rate—Permit Imprint), as appropriate, presented with the mailing. The OMM will determine the most cost-effective method of mailing, and make arrangements with local postal officials. Required permit imprint formats are illustrated in the DMM. DEPARTMENT OF THE ARMY, the Installation Name and Location, and the Installation Permit Number will be printed on the mailing material.

h. Manifest Mailing System uses a permit and is applicable where large volumes of parcels are mailed. Contact your local USPS commercial account representative for details, and also refer to the DMM, section 145.7.

i. Permit mailings are not authorized at MPOs.

j. Second-Class permit.

(1) Army penalty Second-Class permits may be transferred to commercial Second-Class permits.

(2) Although new permits are not required for Second-Class privileges, there are format revisions that must be made. Read chapter 4 of the DMM and consult your serving USPS Account Representative for revised format requirements. Activities obtaining new Second-Class permits must comply with appropriate application procedures in the DMM, section 423.

(3) Application fees for Second-Class privileges are required by the USPS. While an application is pending, postage must be paid at the applicable Third- or Fourth-Class rate. If the application is approved, a refund in excess of the Second-Class rate will be provided. (See DMM, section 423.1.)

(4) MACOM official mail managers, in coordination with the installation printing control officer, will ensure that the Government Printing Office is provided with the appropriate permit number before printing and distribution contracts are let.

2-30. Selection of mail class

Table 2-2 will be used as a guide in selecting the correct mail class. The DMM and IMM show the necessary endorsements, mode of

transportation, approximate transit times for each class of mail, and provide specific guidance for types of items that may be mailed under each class of mail.

2-31. Selection of special mail services

The Government Losses in Shipment Act (40 USC, 721 to 729) and the Government's general self-insurance policy prohibit Federal agencies from using registered and insured mail in order to obtain postal indemnity. Claims will not be made against the USPS for indemnity on items lost or damaged in the mail. However, Comptroller General of the United States decision (58 Comp.Gen. 14 (1978)) allows the Government to use registered or numbered insured mail to obtain the "special" services they offer, such as added protection or proof of delivery. Principal officials of DA agencies and MACOMs are authorized to approve the use of these services on an exception basis. This authority may not be delegated lower than installation or equivalent OMM. The following are Army-wide authorized uses:

- a. Registered may be used for—
 - (1) Criminal investigation evidence.
 - (2) Cash, original vouchers (disbursing and collecting), and voided or canceled checks.
 - (3) One-of-a-kind, irreplaceable, sensitive, controlled, rare, or pilferable items and items having a replacement cost in excess of \$20,000. Such items include but are not limited to calibration equipment, supply items, historical matter (including films), library materials, original manuscripts, and camera-ready mechanicals and art work.
 - (4) Mailable shipments of Government-owned firearms. (Return receipts may be used.)
 - (5) Classified documents as required by DOD 5200.1-R and AR 380-5, paragraph 8-103 c.

 - (d) Mobilization preassignment orders to international addresses where this service is authorized.
 - (e) All actions involving the processing of claims.
- b. Certified may be used for—
 - (1) Letters to establishments being declared "off limits."
 - (2) Adverse enlisted and officer efficiency reports and other similar actions.
 - (3) Controlled test material.
 - (4) Instructional material marked "For Faculty Use Only."

 - (d) Show cause or cure notices issued under the default clause of a Government contract.
 - (e) Any other communication for which receipt is essential to create or preserve rights granted to the United States under a Government contract.

- (f) Debarment letters.
- (g) Delayed entry packets.
- (h) Summonses and subpoenas.
- (i) Adverse personnel actions for military and civilian personnel to include personnel "V" letters to Reserve Components.

- (10) Other communications and parcels that by law, DOD directive, or DOD Component directive must be certified.
- c. Unnumbered insured mail is delivered as ordinary mail and will not be used. No exceptions will be granted.
- d. Numbered insured mail will be used only—
 - (1) For accountability reasons when proof of delivery is required for valuable administrative or logistical equipment, supplies, and printed matter. However, logistical equipment and/or spare parts for equipment listed on the mailing organization's property book (second line destination items) must be shipped through the local installation transportation office.
 - (2) To return borrowed library and similar items when required by the non-Army lender.
- e. Free-admission motion picture video cassettes. OMMs may authorize movement of free-admission motion picture video cassettes by numbered-insured mail, return receipt for merchandise mail, or certified mail, whichever is most cost effective. Free-admission cassettes are furnished by the Motion Picture Service, through the U.S. Army Community and Family Support Center, contingent on the Army ensuring security during movement of the items.

2-32. Express mail

- a. Express mail will be used only when it is the most cost-effective way to accomplish a mission within time, security, accountability constraints, and to meet a mandatory effective date. Express mail should only be used in cases involving loss of life, personal injury, destruction of property, and to prevent the possibility of a judicial ruling against the Army. It will not be used—
 - (1) To respond to directed actions or requests for information unless it is the only way to meet a short suspense. Express mail may be used if mission criticality requires.
 - (2) For the purpose of correcting administrative oversights such as late suspense when adequate time existed.
 - (3) On days before weekends or holidays, unless it is deliverable on those days.
- b. HQDA agencies and MACOMs are authorized to approve the use of express mail. This authority may not be delegated lower than installation or equivalent activity OMM.
- c. Tenant activities will request approval to use express mail through the host installation when the host provides the postage and fees for the tenant's mail.
- d. Postage will be paid by using—
 - (1) Postage meter imprints and the word "metered" entered in the express mail label's customer number block.
 - (2) Postage stamps and the word "stamps" entered in the express mail label's customer number block.
 - (3) Activities having accumulators will use them to record express mail usage.
- e. The sender will request a refund of postage from the USPS when express mail items are not delivered when promised.
- f. Express mail service is not available to and from all MPOs. Contact the local post office for availability information.

2-33. International mail

- a. All official correspondence (letters and cards) may be sent as airmail. Packages containing official matter may be sent as airmail if the urgency in delivery justifies the costly airmail letter rates.
- b. Parcel post will be sent only as surface mail.
- c. Special delivery may be used only for delivery in countries where special delivery is the only reliable means of ensuring prompt delivery.
- d. Consult the IMM or local post office for applicable postage, customs tags, and restrictions before preparation for mailing.
- e. Address format is shown in figure 2-4 and in the IMM.

2-34. Business reply and merchandise return

- a. BRM and merchandise return service (MRS) will—
 - (1) Be addressed to the DOD activity holding the permit. The address and ZIP+4 bar code will be preprinted on the item. The local post office will provide the appropriate bar code negative or positive for printing. The return address will be the same as the addressee.
 - (2) Be used only when a reply is requested on official business from an activity or individual outside the U.S. Government—
 - (a) Who is not required by law to reply.
 - (b) When the receipt of the reply is in the best interests of the U.S. Government.
 - (3) Not be used to receive responses from DOD activities or personnel except personnel who are retired or reservists who are not assigned to a unit.
 - b. Business Reply Mail—
 - (1) Is charged at the First-Class rate, plus a per-piece accounting fee.
 - (2) Will be prepared per the DMM, section 917. The card format will be used when possible. The DMM, section 322, contains restrictions on preparation and use of double and single postal cards and postcards.
 - (3) Will not be used until USPS assigns permit number.
 - (4) Will not be used to mail from one active DOD component to another active DOD component, including Army.
 - (5) BRM returned to the Army bearing penalty number 12062 will be handled as follows:
 - (a) All BRM post cards will be destroyed by the USPS as undeliverable mail.
 - (b) All BRM letters will continue to be received. Payment will be deducted from commercial Army BRM accounts at receiving post offices having such accounts. BRM letters addressed to post offices not having commercial Army BRM accounts will be forwarded to the DEFENSE POST OFFICE, WASHINGTON, DC 20310-3071. Postage and fees will be charged to the Defense Post Office (DPO) BRM account and billed, through HQ USAISC (ASRM-PB), to the addressee of each piece. Charges billed in this manner will not be contested.
 - c. Merchandise Return Service—
 - (1) Is charged at the appropriate Priority mail, Third-Class or Fourth-Class rate plus a per-piece accounting fee.
 - (2) Will be prepared per DMM, section 919, for prepaid postage.
 - (3) Will not be used until USPS assigns a permit number.
 - (4) Will not be used to mail from one active DOD component to another active DOD component, including Army.

2-35. Other reply mail methods

Place postage stamps or premetered imprints only on items of known requirements. Premetered reply mail shall be prepared per the DMM, section 144. Premetered postage or postage stamps will be used—

- a. When they are more cost-effective than merchandise return or business reply.
- b. When the originator is reasonably certain a response will be made.
- c. When a reply is sought from an individual or organization

which does not normally have access to a U.S. Government official mailroom for affixing postage.

Section IV Receiving Mail, Unclassified

2-36. Delivery and pickup agreements

- a. Agreements between each installation and the local USPS will be negotiated to ensure official mail pick-up and delivery complies with this regulation, USPS Publication 38A, and the DMM.
- b. All outgoing mail will be centrally dispatched by the installation.
- c. All incoming mail will be delivered as addressed.
- d. The USPS is required to deliver all mail, including that addressed to military installations, as addressed to each—
 - (1) Street address.
 - (2) ZIP+4 address.
- e. When an agreement with the USPS cannot be reached, installation OMMs will contact the General Manager/Postmaster at the USPS Field Division Office responsible for the installation location. Section V

Receiving Mail, Classified

2-41. Mail requiring special handling

Certain categories of correspondence require special handling. Protection is the chief concern with this correspondence.

a. *Classified correspondence.* Classified correspondence contains information or material that is owned by, produced for or by, or under the control of the U.S. Government. It requires protection against unauthorized disclosure and will be so designated.

b. *Registered or USPS express mail.* Registered or USPS express mail may contain classified or unclassified correspondence. AR 380-5, chapter 8 has specific instructions on how to mail different levels of classified information. DA Form 3964 (Classified Document Accountability Record) should be used for this purpose.

2-42. Processing incoming classified correspondence

a. *Protection.* The necessary protection to control classified and registered documents is best decided by the principal official of the receiving office. Principal officials of Army elements will take any additional protective measures needed to supplement those prescribed by DOD Army regulations.

b. *Recording.* OMDCs must record all registered, express, return receipt for merchandise, numbered, and certified mail received from postal channels. Use PS Form 3883 (Firm Delivery Book — Registered, Certified, and Numbered Insured Mail) to accept accountable mail from the USPS.

(1) Other than being logged by registry number, unclassified registered correspondence is controlled as any other piece of mail.

(2) Incoming registered, USPS express, return receipt for merchandise, or certified mail will be forwarded to the classified unit of the OMDC for processing.

(3) First-Class mail marked POSTMASTER, ADDRESS CORRECTION REQUESTED, DO NOT FORWARD will be delivered unopened to the classified section or unit of receiving activity for processing. The unit security officer will be notified, per AR 380-5, paragraph 6-102, when the outer envelope is mangled in appearance and the inner envelope is torn or otherwise tampered with.

2-43. Address on and opening of official registered and certified mail

a. *Restrictions on use of registered or certified mail.* Official registered, insured, or certified mail will not be addressed to an individual by name or to a name attention line unless authorized by paragraph 2-31. Registered or certified mail will be restricted to instances specifically required by law or DOD directive. Such instances may also be DOD directives as implemented by Army regulation, non-DOD directives issued by other Government agencies with which DA must comply to carry on its normal business, or instances authorized in writing by the Army OMM.

b. *Addressed directly to individuals.* Official registered or certified mail or correspondence addressed to an individual by name will not be opened by anyone other than the addressee or his or her designated representative.

c. *Addressed to an individual by name on the attention line.* Official registered or certified mail addressed to an individual by name on the attention line may be opened by the principal official of the Army element to which it is addressed or by his or her designated representative.

d. *Receipting for registered, insured, or certified mail addressed to individuals.* Official registered, insured, or certified mail addressed directly to a person by name or to an individual by name on the attention line by name addressee should be held in a secure place and receipted for by authorized official mail and distribution clerks or personnel.

See DMM, section 916.

⁴ 4. Other publications or blank forms will not be included as filler.

⁵ 5. Material will be prepared for mailing in accordance with DOD 5200.1-R and appropriate DOD Component directives.

First-Class and Priority mail will not be used.

⁷ 7. Items must meet eligibility requirements for the Third-Class or requester publication rates.

b. Diplomatic pouches will not be marked in any way except as diplomatic correspondence. The pouch will not display notice labels or organizational symbols that provide clues to the nature of its contents. Pouches containing classified items will be prepared and documented in the same manner as pouches containing unclassified items; however, they are accompanied by an authorized U.S. Government employee.

c. Army activities may use the diplomatic pouch service only if no MPS or international mail service is available. Generally, diplomatic pouches will be used only for classified material, material too large for postal channels, or to diplomatic posts without MPS support.

d. Pouch contents will not be disclosed to any person except U.S. Government employees with the proper classification and a need to know. **UNDER NO CIRCUMSTANCES WILL THEY BE DISCLOSED TO OR DISCUSSED WITH FOREIGN OFFICIALS.**

e. There are no limits on pouch size or weight for official items except those imposed by host governments (contact DPM or diplomatic post for latest information) and the capacity of the mode of transport. See paragraph 4-2 *b* for size and weight restrictions for items to go in the diplomatic pouch.

4-2. Official and personal mail

Official and personal mail that is sent through Department of State (DOS) facilities must comply with the following requirements and restrictions:

a. Prohibited is shipment of alcoholic beverages, ammunition, animals or animal products (skins), resale items, bulk supplies of any nature, caustics, controlled substances, corrosives, currency, explosives, firearms, flammable type films, glass containers, incendiary materials, liquids, magnetic materials, narcotics, negotiable instruments, personal professional books and materials, plants, poisons, and radioactive substances.

b. No item of mail prepared for shipment in standard diplomatic pouches will exceed 40 pounds, or 62 inches in length and girth combined, or 24 inches at its longest dimension. Items exceeding these dimensions and weight will not fit into standard diplomatic pouches. Coordinate items exceeding the above specifications with

the DOS Unclassified Pouch Branch at (703) 661-6300 for unclassified official matter or the DOS Classified Pouch and Mail Branch at (202) 647-2396 or 2397 for classified official matter.

c. Articles must be packed in double corrugated wrapping or in a box tied securely.

d. Personal mail may not—

(1) Be registered, certified, or insured.

(2) Have COD charges due.

(3) Be intended for delivery to or for use by a third party.

e. Personal airmail is normally limited to letters.

f. Personal items exceeding the weight and size limitations above will not be shipped through the diplomatic pouch service.

g. Personal package originating in CONUS. Personnel at overseas posts may receive packages from CONUS. However, packages may not be sent to CONUS through DOS channels unless they contain merchandise purchased in the United States that is being returned for exchange or refund, and endorsed accordingly.

4-3. Inspection of contents

a. DOS reserves the right to examine all items intended for dispatch by pouch. Each addressor or addressee using the diplomatic pouch service automatically agrees to the following types of examination procedures by DOS Pouch Control Officers—

(1) *Electronic inspection.* All forms of electronic inspection, including X-ray and metal detectors.

(2) *Physical inspection.* Mail suspected of containing prohibited items may be opened for inspection by Pouch Control Officers. Unclassified items may be opened without consent of addressor or addressee. Classified items may be opened only in the presence of and with the consent of the addressor or addressee. If consent is refused the item will not be accepted for pouch transmission or it will be returned to the addressor when received in an incoming pouch.

b. Violators of DOS policies for diplomatic pouch service will be subject to loss of pouch privileges and/or disciplinary action.

4-4. Official mail from diplomatic posts of United States

a. All items originating at diplomatic posts will be prepared and presented as required herein and by the diplomatic post.

b. The originating diplomatic post will pay transportation charges for pouches they transmit. When the diplomatic post charges for the use of the pouch service, the originating DOD component is responsible for payment.

c. Items originating at diplomatic posts intended for dispatch into the domestic postal system (USPS and MPS) are turned over to the USPS at the Diplomatic Pouch and Mail Division. These items must meet USPS standards and other requirements of this regulation.

(1) The originator will apply the appropriate amount of postage at the full, single piece rate. Use the USPS Zone Chart (table 4-2) to determine the correct zone for zone-rated postage. When application of postage of official, unclassified, mailable items is not feasible at the diplomatic post send the items to the parent DOD component for application of postage.

(2) The various postal discounts for ZIP+4, pre-bar coded, presort, and bulk rates require special documentation and will not be used.

(3) USPS special services, such as registered, certified, insured, and so on, are not available for diplomatic pouch mail.

d. All unclassified, non-mailable items (because of size, weight, or content) will be prepared as required by DOS. Advise the addressee the item is being shipped so arrangements can be made to pick up the item on arrival at the Diplomatic Pouch and Mail Division.

4-5. Classified

Classified items entered into the diplomatic pouch service must be marked CONFIDENTIAL, SECRET, or TOP SECRET plus any other markings required by DOD 5200.1-R. These are the only classifications recognized by DOS. DOS assumes items not bearing one of those indicators are unclassified. Items marked with any other classification will not be accepted.

a. The following apply to CONFIDENTIAL and SECRET material:

(1) All CONFIDENTIAL and SECRET material must be registered per c below.

(2) Use the diplomatic pouch service only when an MPO address cannot be used.

(3) Prepare the outer wrapper per DOD 5200.1-R. Address it to: CHIEF, POUCH AND MAIL BRANCH, DEPARTMENT OF STATE, WASHINGTON DC 20520-0528.

(4) Mark the inner wrapper per DOD 5200.1-R. Address it to the recipient as shown in figure 4-1.

b. TOP SECRET and cryptographic material will be sent through the Defense Courier Service per AR 66-5, AR 380-5, AR 380-40, and its own instructions. TOP SECRET material may be sent through the Defense Courier Service to the DOS for delivery by appropriate means. The Defense Courier Service unique two line address for DOS is: 449321-BA23, DOS SEC OF STATE.

c. Any item for which the originator wants a receipt signature from the Diplomatic Pouch and Mail Division will be clearly marked REGISTERED and have a registry number. The registry number will be preceded by a designation which identifies it as the registry number; for example, RegNum 123456. Registered material received for forwarding is not assigned a number by the forwarding office, the originator's registry number is perpetuated throughout the mail system. The registry number will be typewritten and appear in the lower left corner of the envelope or the address label. When items are sent to the Diplomatic Pouch and Mail Division through USPS registered mail, coordinate a registry number with the USPS prior to closing the outer wrapper. Use the USPS registered mail number as the registry number on the inner wrapper. When items for more than one addressee are consolidated under one USPS registry number, identify each item by adding a different letter after the USPS registry number on the inner wrapper.

4-6. Packages containing emergency health supplies

The DOS will accept, for forwarding by airmail, health packages that contain an emergency supply of prescription medicine or other urgently needed health items (such as prescription eyeglasses, hearing aids, children's orthopedic shoes, and dentures). If, during an inspection, a package is found to contain items other than those listed on the customs form, the package will be returned to the sender. For those health packages—

a. Place the following statement in the lower corner of the package: EMERGENCY MEDICAL SUPPLIES (identify of items) AIR SHIPMENT REQUESTED.

b. Add the sender's return address, and address the package to the individual by grade, name, and social security number, and appropriate address per table 4-1.

**Appendix B
Guide to Cost Effective Mailing**

B–1. Addressing mail

Make sure mailing address and address format is correct. Return address is a must. Use your office symbol as the ATTN line and ZIP+4 after the State abbreviation.

B–2. Rules for employees

Have personal mail sent to your home, not the office. Use personal postage to mail job applications, retirement announcements, greeting cards, personal items, and so on.

B–3. Tips for cost savings

a. Mailing 6 sheets or less of bond paper—use letter size envelope.

b. Manuals, pamphlets, and so on, weighing over 4 ounces—mail Third-Class, Special Fourth-Class rate, bulk rate, or bound printed matter rate.

c. Mailing several items to one address—cheaper to mail everything in one envelope. Check with your OMDC for activities serviced by consolidated mailings.

- d.* Check with your OMDC for activities/agencies within the local area that are serviced by couriers—no postage required. If you need evidence that something was mailed—use Certificate of Mailing. When possible, use special handling instead of Priority Mail.
- e.* For additional information and guidance contact your OMM.
